The Premises:

New area, luxury flats, and very upmarket. easy to find , but having just moved in was not as she would want it yet.

The Lady:

She was her usual beautiful stunning image, very slim and curves a man would die for.

The Story:

Came to the door in a loose robe, having just showered. As I kissed her the robe fell apart and exposed her lovely naked body, just as i remembered from last time. Slipped a kiss on her nipples and she moaned seductively.

Got the money out of the way and we had coffee, and she led me to her bedroom. so comfortable and inviting. I lay her down and immediately put my lips to her pussy, which was soft and damp but tasted so sweet. As i sucked she reached for my penis and caressed and licked and put her warm lips over it. God it was heavenly. I was on my back and Gena gently put the condom on and sat astride me and moved up and down, making me cum several times, she also made some lovely noises although whether she came or not i dont know. I then turned her over,after she had restored me to full size again, and slipped in behind her, and her pussy was so tight and receptive I could have stayed there all day, she then did cum and i felt it. I then, with her permission, entered anally and the angels voices broke loose, it was pure ecstasy. She squeezed me and caressed me with her young muscles and I came again. I then withdrew and rested. We talked and finally after some restorative oral made love again, twice and collapsed. Then had some more coffee .

The whole episode was so good and well worth the the extra for anal etc., God i would have paid double. Time just dissapeared and fortunately the next appointment was later in the afternoon so no rush at all.

I would go back again and again if i was available in the area. she is a dream to be savoured and woe betide anyone who says differently.
