The Premises:

Well reported on Divine 3, similar to the Divine/City Girls set up.

Reliably clean and comfortable.

Plenty of parking, and there is some 2 hour free spaces on the same road as the apartment itself.

Quick tip that hasnt been mentioned: if you get caught short after a long journey, or cant wait before a visit, there is a clean WC in the centre next to Iceland.

The Lady:

Stunning, long dark hair, slim and toned gym earnt body, which you will notice if you can tear yourself from her beautiful face.

The Story:

This was not a great punt, it was the best visit of my life!

This was my second time with Valerie, the first was a good time with a great lady, hence the return.

This was completely different to the first time, everything was unprompted and I had the impression throughout that Valerie was really enjoying herself and being with me.

This was for me the perfect GFE, everything on her profile is 100% accurate and all services were just amazing. Enthusiastic, natural and friendly. No rushing, no dramatics, like I said, it really was like being with a lover! So I'll skip alot of details because they say more about me than her, and thats not the point of a FR. My perfect GFE will not be the same as anybody elses, and you may not be looking for that anyway!

As this is only my second FR (it was a new year resolution to write them,) I appreciate my credentials here are low, but having been on the scene for a while, I can spot the good, the bad and the imaginary.

Suffice to say I will return, and I hope the next visit will be just like this one. In fact if it did differ in anyway, it would detract from the most perfect visit I've ever had.
