### The Story:

This is my first FR. I am somewhat inexperienced for my age but have been to 3 escorts previously and had good experiences.

Having heard about Debbies here and feeling in the need for some pampering I went to see Angel. As I believe in being civilised and treating people kindly, whoever they are, I brought her some posh chocolates.

I understand that being a sex worker is often a stressful occupation, but I felt Angel's attitude and behaviour towards me was neither fair nor acceptable.

My balls are very ticklish and when I flinched when she touched them she became somewhat indignant and explained that it was her "routine" and that I should comply with her way of doing things. I refrained from saying that generally in service industries the client dictates the terms of what goes on. She asked rather crossly "where do we go from here?", and consented to let me lick her pussy, although she was obviously uninterested.

I stopped. I said mildly that we didn't seem compatible. I then received what I regard as an unpleasant diatribe where she blamed me for being a poor customer. She also said that she wasn't compatible with many of the guys who came by, but that problems were due to me. As I was naked I didn't feel like inflaming the situation further by defending myself as I would usually do. I dressed and left.

I know that Debbies is highly regarded; however I do feel that Angel has an attitude problem, perhaps it was the end of a long day and she was overtired, but to me this was unacceptable

behaviour.
