The Story:

This was Karolina first day at work, and I was her first..... lucky me!

Karolina certainly threw herself into her work with lots of eye contact while down on her knees. She also made sure that the view was clear in the nearby full length mirror...

After a good while and a weak set of knees I set about sampling what was on offer - yummy! I had asked if I could CIM too which she agreed, but after a short period of being between those gorgeous thighs I had to pull out. When I went to place the little slider in her mouth she said no and I end up with COB..... a bit disappointing, but hey that's life!

After a short while I was fully dressed and out the door. The clock was running fast next to the bed so it wasn't till I left and looked at my watch and realised I'd only had 20 out of the 30 minutes.... I need to be more observant.
